GRANT COUNTY

Now Being Drawn Upon For Jury Panel in Caleb Powers' Case

The Harrison county venire in the Caleb Powers trial, now on at Georgetown, were all dismissed, except five now in the jury box, who are subject to peremptory dismissal.

Judge Morris, who is presiding in the case, says that he is now determined to give the now celebrated political prisoner a fair trial, and he thinks in this way an impartial jury can be selected.

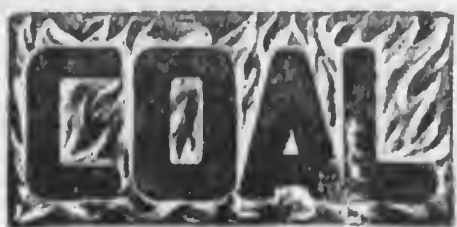

One hundred and fifty of the jurors from Grant county will report today and the same number on Monday. It now looks like it will require the greater part of next week to select a jury.

The defense renewed a motion to have Jim Howard, now serving a life sentence in the State Penitentiary, taken to Georgetown to consult with Powers and attorneys relative to the preparation of testimony material to the defendant. Judge Morris sustained the motion and entered an order for Howard to be brought from Frankfort at once.

Under this order Howard will be placed in jail with Powers, where they will have an opportunity to consult.

FAIRBANKS fell off his own ice wagon with a dull thud when his congenial climate, Alaska, declared for Judge TAFT in no uncertain language.

DID you ever notice how willing your friends are to laugh with you? They are just as prone, too, to laugh at you. Therefore, shorten your face and join in the universal chorus of general hilarity.

TWENTY bath tubs for 66,000 people is the startling state of affairs in one of Chicago's crowded tenement districts. Every city, even Maysville, should have public baths at nominal cost for the poor people. Cincinnati's 5-cent bath houses are good enough for a Roman Emperor.

PITTSBURGH is already big enough and bad enough. But since the Smoky City has annexed the city of Allegheny, the greater Pittsburgh will contain 550,000 people. Oh, my, what acres of social sin and struggling thousands make up what is one of the wickedest cities in the world.

WITH the Brownsville investigation resumed at Washington, the Caleb Powers trial on at Georgetown, the Bradley trial on at Washington, the Thaw trial only a few weeks away and a hard winter at our very doors, these are, indeed, strenuous times. Then, think, there's BILLY BRYAN running for President every hour in the day.

The Society of Equity has notified all the Ripley buyers to not buy any of the 1907 tobacco crop, but the American Tobacco Company is buying right along.

It is said that the Foster Bank will probably be placed in the hands of a Receiver for the purpose of winding up the business, after which the bank will be reorganized and opened for business.

The building for Dover's new creamery is about completed.

The Dover News says it understands that Mr. Thomas H. Gray, of the American Tobacco Company, has offered as high as 14 cents for some tobacco in the Charleston Bottom neighborhood.

"I BELIEVE as confidently as I am confident that I stand here that ere long it will be unlawful to manufacture liquor in the United States," said I. T. PARKER, Lieutenant-Governor of Delaware, in his address to the Wesley Brotherhood in session at Louisville.

JUDGE TAFT is now humping it across the snowy wastes of Siberia en route home to enter the Presidential race in earnest. He has the nomination already won. It wouldn't astonish THE PUBLIC LEDGER a bit if the ticket reads TAFT and FAIRBANKS.

LAST year 32,000,000 gallons of whisky were produced in Kentucky, while this year the most sanguine of the big dealers declare that a production of 15,000,000 is an exceedingly optimistic statement. A falling off of 17,000,000 gallons in one year is certainly going some, and portends that the water wagon is coming down the pike.

DR. CHARLES A. L. REED, the eminent Cincinnati physician, is a strong advocate of Federal health control. He says: "There's the Ohio river basin. A thousand miles of river and a thousand miles of typhoid. \* \* \* In the Ohio Valley river drainage there are 12,000 cases of typhoid fever, making that many invalids for an average of six weeks every year." The Ohio river seems to have a lot to answer for, besides floods, ice and posing as "La Belle Revierie."

## TORMENT WAS STOPPED IN 3 DAYS BY CUTICURA

"In December 1905 I had a blood-red spot about as large as a nickel come on my left shin about three inches above the ankle and in about two weeks the same kind of a spot came on the right shin. I did not know but it was poison from some black stockings but my wife said it could not be for she had washed them thoroughly twice. The spots spread until they were some two inches across. Then my shins and under my ankles bones commenced to break out in a fine rash which extended about halfway to my knees. The burning and itching were something terrible and later the rash began to exude a watery matter. Finally it went to my elbows and above and below them. I doctored with two doctors but it did no good. I kept my ankles bandaged for over a year. One day a friend of mine said he believed the Cuticura Remedies would help me. I sent for them and in three days after using the Cuticura Remedies there was a complete change. The skin cleared up smooth and the itching stopped. I am still using the Cuticura Remedies for, once a week or so, some little spot will break out in a fine rash and commence to itch. But washing with Cuticura Soap and putting on Cuticura Ointment drives it all away. I am seventy-one years old to-day. Geo. N. Westcott, Postmaster, Ceylon, N. Y., Apr. 29, 1907."

A LONG LIFE How to Conserve Energy and Prolong Life.

The time comes to every one when the life force begins to fail. It is a little harder to climb a hill or walk up stairs. Exercise is taken less vigorously or abandoned, and we feel that the end of active service is drawing near. It is more than probable that we have been over-driving the machine of the body which will give out like any machine if overtaxed, and we should immediately take steps to change the gear, build up the strength and restore the life force. To this end nothing equals our delicious cod liver and iron preparation. Vinol, which is far superior to all other tonics and cod liver preparations because it is made by a scientific, extractive, concentrating process from fresh cod's livers, combining with potentiate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil. As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis and all throat and lung troubles, Vinol is unequalled.

Mr. Lester Wilson, who underwent a surgical operation in Cincinnati some days ago and who was supposed to be recovering nicely, died in a relapse yesterday at 12 o'clock. Mr. Wilson has been located here for several years, holding a lucrative position with the American Tobacco Company at this place. He was a gentleman of sunny disposition and even temperament and his geniality and sociability won him a large circle of friends who sincerely deplore his untimely death—being in the prime and heyday of a promising and happy life. His wife, who was with him when the end came, has the condolence of the community in her irreparable loss.

The deceased was a member of the Elks Lodge of this city, and immediately on receipt of the news of his death, Mr. Gordon Sular departed for Cincinnati to proffer any aid the Lodge here might be able to render and to assist and comfort the widow in her hour of deepest distress. Mrs. Wilson's home being in St. Louis it is altogether probable that the remains will be taken thither for burial.

MICHAEL PETERS. Michael Peters, a resident of Mason county, died Wednesday at the home of his son, John, near Sharpsburg, aged 96. He was born in Ireland and immigrated to Kentucky sixty-five years ago. He leaves three sons and two daughters—John of Sharpsburg, Patrick of Kansas, Martin of Mason county, Miss Kate Peters of this city and Mrs. Brown of Covington.

REES DAVIS. The venerable Rees Davis, one of Fleming county's staunch citizens, died at 3:30 o'clock this morning at his home near Mt. Gilead. Mr. Davis had been failing in health for sometime, his condition for several days past being very serious, and his death was not unexpected. Although advanced in years, Mr. Davis's mind remained to the end unusually clear and active, and as long as able physically his chief past-time and pleasure were his trips about his old home farm.

Deceased was a native of Pennsylvania and was 85 years of age. He came to Maysville with his parents when quite young, locating in Fleming county in early manhood, and throughout this section his sterling worth and sturdy, upright character won for him the very highest respect and esteem. Mr. Davis was thrice married, his last wife and four children—Mrs. Anna Savage of Straits, N. C., Mrs. J. L. Markwall, of Beechburg, Mr. George W. Davis of Mt. Carmel and Miss Clara

C. Davis, of Mt. Gilead—surviving. Mr. William Davis of West Second street is now the only surviving brother. The funeral will take place at 10:30 o'clock tomorrow morning, the interment being in the family burying-ground on the home place.

BACK HOME Deranged Marshal of Mt. Olivet Returned From Portsmouth

The Portsmouth Blade says that W. H. Curtis the deranged Marshal of Mt. Olivet, who was released Wednesday and put on a train bound for Maysville, from where he was taken to his home, is in an indeed pitiable condition. He has a son, Samuel Curtis, located at Toledo, who told Chief Baucus of Portsmouth on Tuesday that he could not take care of his father, but to have him taken back to Mt. Olivet, where his wife and daughters would care for him.

Curtis's memory is fast falling and he complains continuously of a severe pain across the front part of his head. He stated that while a boy he had been struck across the head with a hoe and since that time he has been subject to fits of mental aberration. It is thought his present condition was brought on by the excitement of the recent election in Robertson county.

Curtis was brought here last night over the C. and O. and his mental condition was such that he was placed in the County Jail. This morning, in response to a telephone message, he was taken to his home in Mt. Olivet.

Handsome cards have been received in this city announcing the marriage of Miss Pattie Lillis to Mr. John L. McCracken, at St. Mary's Cathedral, Covington, Wednesday, November 27th. The bride to be has many friends here where she has been a welcome visitor.

Leslie Bratton of West Second street called on Judge C. D. Newell yesterday morning in regard to his admission to the Reform School at Lexington. The straightforward and manly manner in which the boy addressed the Judge so impressed His Honor in favor of the lads worth that he hesitates to commit him to the institution. He has the matter under consideration, however.

The gage marks 9.9 and falling. John H. Long, a veteran steamboat Captain, born in Owen county, is dead at his home in St. Louis.

The Monitor and Cruiser have gotten into the Pittsburgh harbor with empties. The Exporter is tied up at Safe Harbor and Alice Brown at Wheeling.

Congressman W. E. Cox of the Third Indiana District was one of the leading workers at the Ohio Valley Improvement Association convention at Wheeling, W. Va. Congressman Cox, in his declaration at the meeting, pledged himself to do absolutely all in his power for a nine-foot stage, and won great applause.

Dam No. 5, in the upper Ohio has been raised for the first time. This is another important step in the slack water system being installed in the Ohio river. Dam No. 4 probably will be raised soon. No. 6 and No. 2 have been completed for some time. The only break in the chain of dams is No. 3, which probably will not be completed until next spring.

The worthless class of "rousters" who held up captains and mates during the "flush" times of the past summer are now praying for soup-houses and charity dinners, according to an Evansville exchange. It is a fact that the lack of employment for the better class of unskilled labor has resulted in the securing of a much superior lot of deckhands for boats. The trifling class of negroes and riff-raff is now "up against it" for fair.

MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired. Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible. The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified endorsement or has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person." Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life. Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her aid is free and always helpful.

WORTH CONSIDERATION

When buying from a jewelry store wouldn't you consider it very important to feel there is absolutely no question about quality? When you buy here you don't pay any more, perhaps less, than in an indifferent store, but you are certain about quality. That point alone is more important in choosing Diamonds, Jewelry, Watches and Silverware than any other merchandise. : : : : :
